

NO! STOP! NO BARK!

DOES YOUR DOG

BARK

AT THINGS YOU WISH HE WOULDN'T?

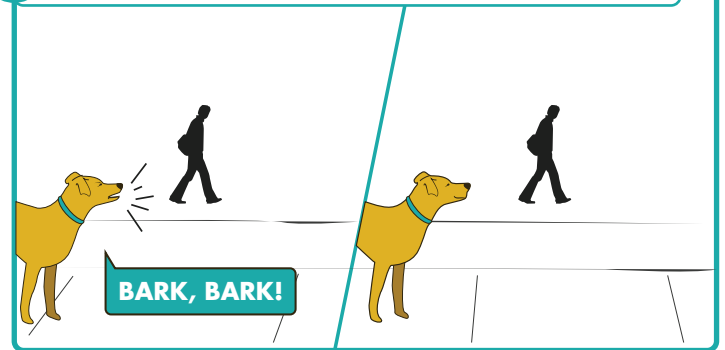

NO BARK!

www.spcaLA.com

#1 Dog barks, Bad Thing goes away, therefore barking works!

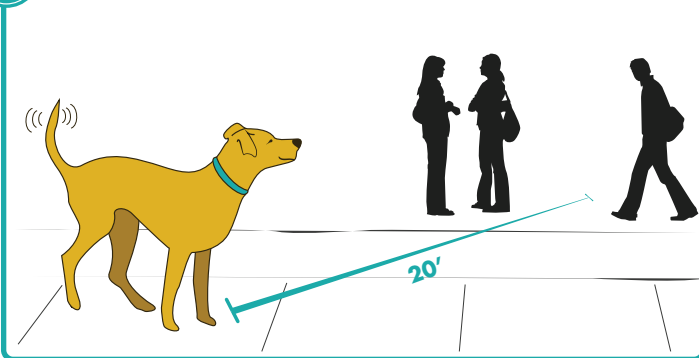

#2 What your dog doesn't realize is that Bad Thing would have gone away, anyway!

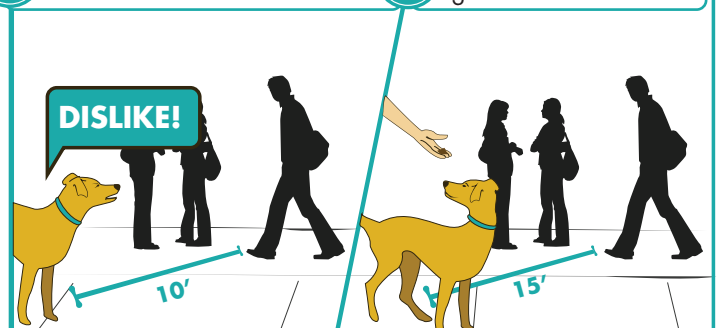

SO HOW DO WE STOP THIS?

#3 Dog sees Bad Thing, no problem.

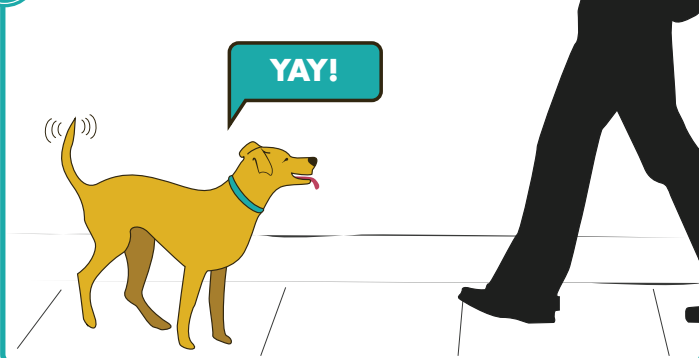

#4 Dog sees Bad Thing and is concerned.

#5 Before your dog reacts, give a treat.

Note: If your dog can't take food, he might be over his threshold. More space and better treats might take care of that problem.

#6 In time, your dog will be HAPPY to see Bad Thing!

Feeding your dog conditions him to believe Bad Thing will actually make **good things** happen!

BAD THING = GREAT FOOD AND FUN!
